SAFETY HOTLINE

FOR HOME HEALTH TEAMS

# You see the bathroom first. Here's who to call.

Home health nurses, therapists and aides are often the first to see that the tub has become the hard part. One number makes it easy to help.

### WHAT TO SAY

"If the tub is getting hard to step over, text the Safety Hotline. It's a complete low-step shower, bench and grab bars included, usually in about 4 days."

**Complete shower only**

It's never just a grab bar or a bench. It's the complete shower, because doing the whole shower is how the waterproofing gets done right, start to finish.

## How referring works

1. Leave a wallet card with the family
2. Or text them the number
3. Mark talks to the family directly
4. Free home visit and one written price

## One complete package

- Tub out, low-step shower in
- Fold-down bench
- Real grab bars, anchored to the wall
- Faucet + handheld wand on a slide bar
- New easy-clean waterproof walls and pan

**Starting at $12,995 · great value**
